

# Humanities August Buy-Back PD Opportunities: High School

## Optional Site Support for Learning Links

The Humanities Online Learning Links are designed to be successfully completed with little advance preparation. In some cases, it might be helpful to have a teacher from your site prepare to facilitate the module ahead of time.

We are offering a two-hour training for facilitators to walk through the learning link and prepare to facilitate.

One representative for each subject area may sign up for a training session on 8/14 or 8/15, 4-6pm (extended hours provided). Teachers can sign up today at [tinyurl.com/learninglinkSFUSD](http://tinyurl.com/learninglinkSFUSD)

*The Humanities Learning Links are online professional development modules that are site-facilitated to be completed on the August 17 Buy-back Day (approximately 3 hours). Materials will be provided to principals at the Administrators' Institute and posted on [www.sfusdhumanities.org](http://www.sfusdhumanities.org) in July.*

English/Language Arts, ELD & SPED\*

**Using the Workshop Approach to Differentiate Instruction in the Secondary\*\* E/LA Classroom**

OR

**Diving Deeper into the Secondary Workshop Approach**

*Sites and teachers who need are new to the Workshop Approach and/or need a refresh should do the first Learning Link. The second Learning Link is recommended for all others.*

\*PD most applicable for RSP and M/M SDC teachers

\*\* A Workshop Approach is most often used with 9<sup>th</sup> and 10<sup>th</sup> grade students; however, teachers of all grades will benefit from participating in the Learning Links.

History/Social Sciences & SPED\*

**Defining Inquiry in the Secondary History-Social Science Classroom**

*Sites and teachers who need a refresh can visit this introductory Learning Link ["What's in the New California Framework for History/Social Science?"](#) This Learning Link covers content shared at the in-person PD offered to teachers in August 2016.*

\*PD most applicable for RSP and M/M SDC teachers

**Want even more professional development? Consider facilitating the "Using Student Data to Inform Instruction" Humanities Learning Link for your staff!**

In this Online Learning Link, participants will...

- examine student data at the district and site levels
- discuss holistic and analytic findings
- identify specific content and/or skills to be addressed to support all students to succeed
