

Humanities August Buy-Back PD Opportunities: Middle School*

Note: K-8 E/LA Teachers will attend an off-site PD on 8/17 – more details on this to come!

Optional Site Support for Learning Links

The Humanities Online Learning Links are designed to be successfully completed with little advance preparation. In some cases, it might be helpful to have a teacher from your site prepare to facilitate the module ahead of time.

We are offering a two-hour training for facilitators to walk through the learning link and prepare to facilitate.

One representative for each subject area may sign up for a training session on 8/14 or 8/15, 4-6pm (extended hours provided). Teachers can sign up today at tinyurl.com/learninglinkSFUSD

The Humanities Learning Links are online professional development modules that are site-facilitated to be completed on the August 17 Buy-back Day (approximately 3 hours).

Materials will be provided to principals at the Administrators' Institute and posted on www.sfusdhumanities.org in July.

English/Language Arts, ELD & SPED* Teachers of Grades 6-8

History/Social Sciences & SPED* Teachers of Grades 6-8

Diving Deeper into the Secondary Workshop Approach

Sites and teachers who need a refresh can visit this introductory Learning Link, ["Using the Workshop Approach to Differentiate Instruction in the E/LA Classroom."](#) This Learning Link covers content shared at the in-person PD offered to teachers of Grades 6-8 in August 2016.

*PD most applicable for RSP and M/M SDC teachers

Defining Inquiry in the Secondary History-Social Science Classroom

Sites and teachers who need a refresh can visit this introductory Learning Link, ["What's in the New California Framework for History/Social Science?"](#) This Learning Link covers content shared at the in-person PD offered to teachers of Grades 6-8 in August 2016.

*PD most applicable for RSP and M/M SDC teachers

Want even more professional development? Consider facilitating the "Using Student Data to Inform Instruction" Humanities Learning Link for your staff!

In this Online Learning Link, participants will...

- examine student data at the district and site levels
- discuss holistic and analytic findings
- identify specific content and/or skills to be addressed to support all students to succeed
